ANNUAL MEETING & FALL CONFERENCE

Nursing Issues for a New Decade

October 20, 2010
Church Landing - Meredith, NH

www.NHNurses.org
603-225-3783

CONCURRENT SESSIONS & SPEAKERS:

INFORMATICS & THE EMR MANDATE - Panel **Judith Joy, RN, PhD** - Assist. Professor of Nursing, Colby-Sawyer College; **Debra Dulac, MBA, RN, BC, CPHIT** - Dir, Nursing Informatics, DHMC (other panelists to be named) As health care becomes increasingly complex the need for "systems" to store and manage information for optimal care is urgent. - but transitioning to or enhancing the electronic medical record can be a rocky road. The panel will discuss benefits, challenges, strategies and best practices - plus answer your questions.

ERA III MEDICINE **Nancy Puglisi, PhD** - Director of Organizational Wellness, University System of NH Join Nancy on a journey through "Mind-Body" medicine and beyond to ERA III. How does "energy medicine" really work - how can it be integrated into the art and science of nursing - and what does it mean for the future of the profession?

HEALTHCARE REFORM - What's in it for Nursing? **Rose Gonzalez, MPS, RN** - Director, Government Affairs, American Nurses Association After much debate and controversy, health care reform has become a reality. Find out how ANA engaged in this process and learn how the Patient Protection and Affordable Care Act impacts nursing.

NDNQI - Transforming Data into Quality Care Panel : **Pamela Hinshaw, MSN, RN, CCM** , NDNQI Account Rep , ANA; **Anne Marie Bularzik, DNP, RN, NE-BC** - CNE, VP, Exeter Hospital; **Lisa Perales, RN, BSN** - VP Nursing Services - Monadnock Community Hospital; **Paula Johnson, RN, BSN, MPA** - Magnet Coordinator, Dartmouth Hitchcock Hospitals have been using the National Database of Nursing Quality Indicators has since 1998 (with 1600 hospitals now participating). Learn how this information has impacted nursing care so far - and the growing importance it will have in years ahead.

TELEHEALTH NURSING - What is it - and is it for Me? **Sherry Smith, RN, MSN, MBA** - Sr. Consultant for 3CN & Joint Commission DSC/HCSS Reviewer Could you really work from home in your pajamas? Yes - but how do you know if this is for you or not? This session will highlight the continued growth in Telehealth within the Demand and Disease Management arena, including emerging trends and inherent risks involved legally for all nurse who provide care over the phone - no matter where you practice.

CULTURAL COMPETENCY - New Hampshire Style **Trinidad Tellez, MD** - Director, Office of Minority Health NH Department of Health and Human Services Learn about the changing cultural landscape in NH; CLAS standards, and the importance of cultural competence for providing high quality patient-centered care to culturally and linguistically diverse individuals. Learn strategies and resources useful for increasing our own cultural competence.

EVIDENCE BASED PRACTICE - Did You Know? **Susan Fetzer, RN, PhD**, Assoc. Professor of Nursing - UNH Timing of administering furosemide, deltoid IM injections, routine vital signs and bowel sound assessment: all are nursing actions that should be based on evidence...but are they? This presentation will describe EBP and examine the evidence on which nursing practice is based.

VIRTUAL TECHNOLOGIES - a Best Practice **Donna Proulx, RN, MS, CCRN-CSC**, Senior Critical Care Educator - Catholic Medical Center Web-based learning and the use of simulation labs are on the rise. This session will explore the 'circle of learning' and the skills needed by both student and instructor for successfully using these virtual technologies.

**KEYNOTE
SPEAKER**

**Maureen
Sroczyński**

***NURSING of the FUTURE -
What's Coming and How to Prepare***

Maureen Sroczyński RN, MS - Chief Nursing Consultant Massachusetts Department of Higher Education & President/CEO Farley Associates, Inc.

There is exciting work that is occurring throughout New England and the country to create a positive future for nursing in both education and practice. This presentation will highlight the collaborative process utilized to generate and disseminate a set of nursing core competencies and an integrated practice / education competency model that will positively impact patient safety, improve patient care and contribute to the future vision of nursing.
